ALCOHOL CONTENT	13.5%
TOTAL PRODUCTION	30,000 bottles
OENOLOGIST	Mario Ercolino

Great for stacking, the boxes are made to match the colors of the label.

TASTING NOTES

Sanlor is made with 100% organically grown Sangiovese grapes. A deep red bordeaux-like wine with lovely aromas of blackberry and other ripe fruit, notes of vanilla and spices. Ideal with hearty dishes such as rich pastas and main courses of meat or pork. As a family operated winery, it is family that inspires the names of some of the wines. The name Sanlor is an homage to the owner's son *Sanjay* and his wife *Lorena*.

ABOUT THE WINERY

Cavalierino winery is 100% committed to providing the highest quality wines in the most respectful way to nature and health. Located on top of the Poggiano hill, surrounded by forest, it sits in a naturally organic island. The top of the hill location (at 450mt a.s.l.) allows the vineyard a full day sun bath, with constant ventilation (thus preventing bacteria proliferation) and good temperature change between day and night. Most vineyard operations are done manually, fertilizers are organic, grass is kept between the rows to create a natural fertilizer while keeping a natural level of humidity during the warm summer season. Green harvest is performed to obtain the best possible maturation and grape quality. Harvest is done manually. Vinification is done in stainless steel before the wine is transferred to oak for appropriate ageing. Renowned winemaker Mario Ercolino oversees the production and is sure to make Cavalierino the next big hit in the growing Montcalm portfolio.
