

CAVALO PRETO TORRONTES 2013

Torrantes has been touted as the hottest thing to arrive from Argentina since the tango. Or at least since malbec.

Cavalo Preto is a tribute to the 'polo pony', a sport that is super popular in Argentina and Torrantes is considered a wholly Argentine variety because it is grown nowhere else in the world.

Golden wine with greenish flashes. Strongly aromatic, with hints of peach, orange and grapefruit citrus. Plenty of body, with very good acidity. The perfect summer aperitiv, Torrantes will also pair well with salads, grilled seafood, light pasta dishes.
