

## COSTA ARENTE

VALPOLICELLA VALPANTENA 2016

Valpolicella is the wine that takes its name from the production area, and therefore the one that best expresses its character. Made from the same grapes used for Amarone, it follows the traditional red wine vinification without any drying process or re-fermentations. Costa Arente Valpolicella shows intense red fruit expression of raspberries, red currant and sour cherries, along with black pepper notes. The wine shows good freshness and structure. Ideal with appetizers, cold cuts and main courses based on white grilled meat and fresh cheeses.
