

# GUICCIARDINI STROZZI

VERNACCIA DI SAN GIMIGNANO 2013

The Villa Cusona estate in San Gimignano, owned by the Guicciardini Strozzi family, has been in existence since 994 and wine was first produced there in the 1200s.

Made with 100% estate-owned vernaccia grapes, it is a very distinctive white wine with intense varietal notes, heady floral bouquet and a lovely bitter almond aftertaste. Harmonious and fresh while structured at the same time. The dry character and the acidity make it a perfect choice for fish-based dishes but also pasta with cream-based sauces and cheese boards.
