TENUTA SANT'ANNA PINOT GRIGIO 2018

“Limpid straw color. Pretty aromas of apple, pear, grapefruit, and white flowers. Medium-textured and ripe but vibrant and attractive, with nicely restrained flavors similar to the aromas. A rather gently styled wine but with decent concentration and some grip, finishing with good length.”

- I.D. (July 19)

“The estate-grown grapes are hand-harvested then fermented in stainless steel tanks. The resulting Pinot Grigio tastes fresh, zesty and delicately fruity, with somewhat more structured than the norm for this breed. Refreshing on its own it also serves as a good companion to simple seafood dishes such as steamed shrimp or clams.”

- M.T. (July 2019)
