NOTES	For decades Tenuta Sant'Anna has been a benchmark for Pinot Grigio and Prosecco production in Veneto with over 140 hectares of owned vineyards. This new product is the perfect combination of the winery's expertise in both Pinot Grigio and the charmat (or Martinotti) method used for making sparkling wines in autoclave. It is proof of the versatility of the Pinot Grigio grape and tenuta Sant'Anna's ability to interpret it.

TASTING NOTES

Tenuta Sant'Anna Pinot Grigio Spumante Brut NV is made with 100% estate-owned Pinot Grigio grapes following the traditional Charmat method which is ideal to retain the natural freshness and intensity of aromas of the grapes further enhanced by the sparkling twist. It displays musky pear, stone dust and hints of rich savory spices with hints of sour citrus that create a captivating contrast. Finished clean with a twang of acidity. The Brut-style, pleasantly dry, makes it perfect to be enjoyed throughout the meal, or with appetizers, seafood, sushi and also Asian food.

ABOUT THE WINERY

Tenuta Sant'Anna is the historical heart of Tenute di Genagricola (Montcalm's mother company) and the best known and longest standing of the groups' brands.

Founded in the early 60's, Tenuta Sant'Anna was one of the first viticultural properties acquired by Genagricola and ever since the 1970's it has been stretching the limits of innovation. Equipped with the latest technology along with professional competence and know-how, the winery soon became one of the most prominent protagonists of the Italian wine-making scene. The estate, which lies some 50 km east of Venice, covers 150 hectares, 140 of which are dedicated to vine growing. The year 2015 heralded big changes for Genagricola with hiring famous winemaker Riccardo Cottarella as consulting enologist and by giving its brands a fresh new look.
