

TORRE ROSAZZA

SAUVIGNON 2016 - FRIULI

Sauvignon Blanc has been grown successfully in Friuli for quite some time: the unique microclimate allows this grape to appropriately express its intense aromatic nature and the hilly terrain gives the wines a pleasant mineral feel.

Torre Rosazza Sauvignon opens with linden notes, followed by fruity citrus scents of grapefruit, ending with delicate boxwood notes. Savory, markedly aromatic with a long, refreshing finish. Splendid as an aperitif, it matches well with savory seafood dishes and first course, cold-cuts and herb-filled cheeses.
