TASTING NOTES

Montepulciano Riserva Illico is a single-vineyard, a small but stately step-up from the Riparosso, more structured from extended time in oak, still a great value for a Riserva bottling from a top producer. Illico is ruby red with a hint of purple in its early stages. On the nose red fruit notes are pleasant and persistent. A full-bodied wine, deep, round, ripe and persistent with a final hint of licorice. It is best served with roasted red meat, braised meat, game, noble poultry, lamb and medium-aged cheeses.

ABOUT THE WINERY

In more than 120 years of company's history the Illuminati vineyards have grown from 15 to 130 hectares in size in Controguerra, a special wine-producing area between the Gran Sasso mountains and the Adriatic Sea. Dino Illuminati is a long-standing icon and advocate for this unique piece of land and was the driving force behind the DOC recognition of this part of Abruzzo.

The Illuminati family represents all that is great about modern winemaking, with their innate understanding and possession of some remarkable vineyard sites, a respect for tradition and family that dates back to the winery's inception in 1890 and a totally up-to-the-minute technological bent which sees their winemaking facilities equipped to best practise standards. Quality, not quantity drives Dino and his family. The focus is on Montepulciano made in traditional fashion and offered in excellent, drinkable mealtime bottlings to more nuanced, muscular vineyard selections, most offering terrific value for the money. Little has changed at the winery except that Cavaliere now works with the family younger generations.
