

MONTCALM
WINE IMPORTERS, LTD

TENUTA
SANT'ANNA
PROSECCO
DOC
ROSÉ

WINERY	Tenuta Sant'Anna
WINE	Prosecco DOC Rose' Brut <i>Millesimato</i>
REGION	Veneto
VARIETAL	85% Glera (Prosecco), 15% Pinot Noir
ALTITUDE	30–45 meters above sea level
SOIL	Medium blend with clay-like tendency
VINIFICATION	Harvested grapes are de-stemmed and crushed gently. The must obtained is transferred to steel vats where fermentation takes place at controlled temperatures. Then the so-called ' <i>charmat method</i> ' of making sparkling wine begins: a selection of yeasts is used to trigger a secondary fermentation which lasts at least 60 days. Fermentation is stopped by raising the temperature when the desired residual sugar is obtained in the tank.
RESIDUAL SUGAR	8 g/L (Brut)
ALCOHOL CONTENT	11%
OENOLOGIST	Giovanni Casati (in-house winemaker) Riccardo Cottarella (consultant)
NOTES	In May 2020 the Prosecco Consortium announced the approval of a new DOC: a Prosecco DOC Rose' to be made with Glera with up to 15% of Pinot Noir made with the <i>charmat method</i> (minimum of 60 days). The label also has to state the word " <i>Millesimato</i> " and the vintage (minimum of 85% of the grapes from that year) and can be released from Jan 1st after the harvest. Already a favorite among consumers, pink prosecco is bound to be a huge success.

TASTING NOTES

Prosecco Rose' is made in the same way as the regular prosecco, with an addition of up to 15% of Pinot Noir which gives its bright pale pink color and fresh red berry notes. The vinification in autoclave is able to exalt the pleasant characteristics of these two varieties, creating an easy-going and fragrant wine. Excellent as an aperitif, it is versatile and can be served during the whole meal with white meat, seafood and light fares. A delightful twist on the beloved Italian sparkling wine.

ABOUT THE WINERY

Tenuta Sant'Anna is the historical heart of Tenute di Genagricola (Montcalm's mother company) and the best known and longest standing of the groups' brands.

Founded in the early 60's, Tenuta Sant'Anna was one of the first viticultural properties acquired by Genagricola and ever since the 1970's it has been stretching the limits of innovation. Equipped with the latest technology along with professional competence and know-how, the winery soon became one of the most prominent protagonists of the Italian wine-making scene. The estate, which lies some 50 km east of Venice, covers 150 hectares, 140 of which are dedicated to vine growing. The year 2015 heralded big changes for Genagricola with hiring famous winemaker Riccardo Cottarella as consulting enologist and by giving its brands a fresh new look.
